

TEXAS TECH UNIVERSITY
Office of *the* President™

MEMORANDUM

DATE: July 13, 2023

TO: Faculty and Staff

FROM: Lawrence Schovanec, President

RE: Vice President for Campus Access and Engagement

It is my pleasure to announce that Dr. Jorge Iber has accepted the role of Interim Vice President for Campus Access and Engagement, effective immediately. In this role, Dr. Iber will oversee programs related to student, staff, and faculty support and community outreach.

Dr. Iber is a professor in the Department of History and has served in a variety of administrative positions. He most recently has been serving as Associate Dean in the Student Division of the College of Arts & Sciences.

Meetings are underway to let staff know about realignments and the units that will comprise the newly formed Campus Access & Engagement office. Additional messaging about those moves will be forthcoming.

Dr. Iber is a committed and effective leader who will bring a wealth of institutional knowledge to this program. I know you will join me in congratulating and supporting Dr. Iber in his new role.
