TO: Faculty and Staff

FROM: Lawrence Schovanec, President

RE: Applications Open for President's Leadership Institute

The [President's Leadership Institute](#) will again convene this fall, offering the opportunity for faculty and staff to engage with university administration and enhance their tools and skills that comprise leadership in higher education.

The mission of the institute is to provide faculty and staff with a strong leadership framework centered around the principles of excellence, innovation and accountability. It is strengthened by those who have passed through the program.

Approximately 20 aspiring leaders across campus are selected to participate each year. Texas Tech University is fortunate to have an ambitious and talented faculty and staff, and we look forward to welcoming this year's class.

I invite those interested in the President's Leadership Institute to apply and ask supervisors to encourage their faculty and staff to take advantage of this opportunity. Applications are available today (August 7) through September 8.

More information, including application materials, can be found on the [President's Leadership Institute website](#).
